
NOAMA Grant Match Funding (Ongoing) CALL FOR PROJECT PROPOSALS

NOAMA grant match funding increases the ability of NOSM University PCTA researchers to grow programs of research and attract research dollars from outside of Northern Ontario.

NOAMA will provide match funding to qualifying PCTA researchers and research teams who are applying to other research competitions that require applicants to source match funding as a condition of the application.

NOAMA will accept requests for match funding at any time throughout the year. Requests must be received at least eight (8) weeks prior to the competition's application deadline.

Please note that funding decisions are subject to the availability of dedicated NOAMA funds and the applicant's success in the external grant competition.

Important Information

- This is an ongoing competition
- There are no minimum or maximum requests
- The peer review process will be utilized to review submissions, please note that NOAMA adheres to six principles shared by all members of the National Alliance of Provincial Health Research Organizations (NAPHRO): integrity, accountability, transparency, balance, confidentiality and impartiality
- Priority will be given to first-time requests
- E-mail all complete applications to grants@noama.ca
