A close-up, high-angle photograph of a computer keyboard. The central focus is a large, light blue key with the word "RESEARCH" printed in a bold, dark blue, sans-serif font. The key is slightly raised and has rounded edges. Surrounding it are other keys: to the left is a key with a double quote symbol, above is a key with a right arrow, and to the right is a key with a vertical line. The lighting is soft and even, highlighting the texture of the keys and the depth of the keyboard's layout.

INSIGHT #1: Stronger together:
partnerships for funding, HR, in-
kind resources, etc.

ASK #1: How can we support
our near-neighbours with our
growing Research Office?

ASK #2: What can NOAMA
and/or PCTA and/or NOSM do
to better support Associations?
