

# **Small Group Discussion**

## **Regional**

# Small Group - Regional

- **Participants can engage in dialogue with geographically aligned groups to discuss physician shortages, burnout and the development of NOSM University in the context of expansion of the MD and PGME programs.**
  - **Further, participants can consider Local Education Group governance. Consider member involvement, access to financial support, access to professional development opportunities, access to research support, access to mentorship training, etc.**
1. NOSM University Model: What is the role of the LEGs? (8 min)
  2. Are the LEGS relevant in this model? How?. (8 min)
  3. As we become a University where does the LEGs model fit? Are there risks? What are the benefits?. (8 min)
  4. How is your LEG currently performing? Are you in a position to increase support of academia? Do you see future benefits or struggles in your role as a health care provider and NOSM faculty member (5 min)
